Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Saturday 14 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry start, light rain possible later.

Today:
A dry and fairly bright start across the region, feeling breezy at times. Becoming increasingly cloudy during the afternoon with spells of light rain possible towards the end of the day, most likely towards the south. Maximum temperature 20 deg C (68 deg F).

Tonight:
Winds easing early in the evening but remaining cloudy with outbreaks of rain continuing to move northwards throughout the night. Rain likely to become more persistent and heavy by dawn. Minimum temperature 8 deg C (46 deg F).

Sunday:
Prolonged rainfall across much of the region on Sunday, although the far north may stay dry. Gradually improving into the evening with a brisk north-westerly wind. Maximum temperature 16 deg C (61 deg F).

Outlook for Monday to Wednesday:
Sunny and breezy Monday. Cloud and rain for many on Tuesday, worst of the weather over the Pennines with drier spells further east, then spreading across region on Wednesday.
